Governor Tom Corbett
Office of the Governor, Room 225
State Capitol Building
Harrisburg, Pennsylvania 17120

Dear Governor Corbett,

Since January 31, 2011, we have prepared and hand-delivered documents to you, the Lieutenant Governor and each member of the General Assembly. Most of these documents have addressed “Nullification” of unconstitutional “laws” by the United States government, such as “Obamacare” and “Real ID”, and/or related issues of law.

Today’s **“Pennsylvania Must Reject Any State Health Insurance Exchange”** is the 40th document that we have personally delivered to your office in the Capital.

The document titled: **“Say No To A Pennsylvania Healthcare Insurance Exchange”** was delivered on October 9, 2012.

Some other recent documents that address the unconstitutionality of “Obamacare” and the United States Supreme Court’s decision concerning this alleged “law” are titled: **“US Supreme Court Majority Continues To Get It Wrong!”**

“The U.S. Supreme Court’s Obamacare Decision is Unconstitutional For Many Reasons”
These documents were delivered to your office on 07/02/2012 and 08/29/2012, respectively.

For your convenience, copies of the four documents referenced herein above and a two page list of all 40 documents, with the date each was delivered, are enclosed. These five documents are incorporated herein by reference. To read any or all of the documents on the list, visit the CSBP website at: sheriffbrigadesofpenn.com, select RESOURCES on the top bar line, select “CSBP DOCUMENTS”, and then select the specific document that you wish to read.

Governor Corbett, you are now being asked by many other Pennsylvania organizations and individuals to **NOT** implement a State Health Insurance Exchange. Even if these Exchanges were constitutional, which they clearly are not, you should reject the State run or State–federal Partnership options. It is evident that, at a minimum, Pennsylvania shall not actually control the Health Insurance Exchange and the Pennsylvania taxpayers shall be required after 2015 to cover all of the cost to operate and maintain the Health Insurance Exchange. There are also many unanswered questions about “Obamacare” in general, and specifically, the Health Exchanges.

With this letter and the referenced documents, we are again sincerely instructing you, as Governor, to reject any State implementation of a Health Insurance Exchange in Pennsylvania.

Sincerely yours,

William Taylor Reil and Donna Fike
Co-Coordinator of CSBP
